2020 Primary Election

Mail Ballot Application Statistics

 Present

Count of Approved Mail Ballot Applications

Once county election officials have reviewed and approved an application, the mail ballot application is linked to a valid voter record in the county.

This chart demonstrates the current count of individual voters who have requested a mail ballot.

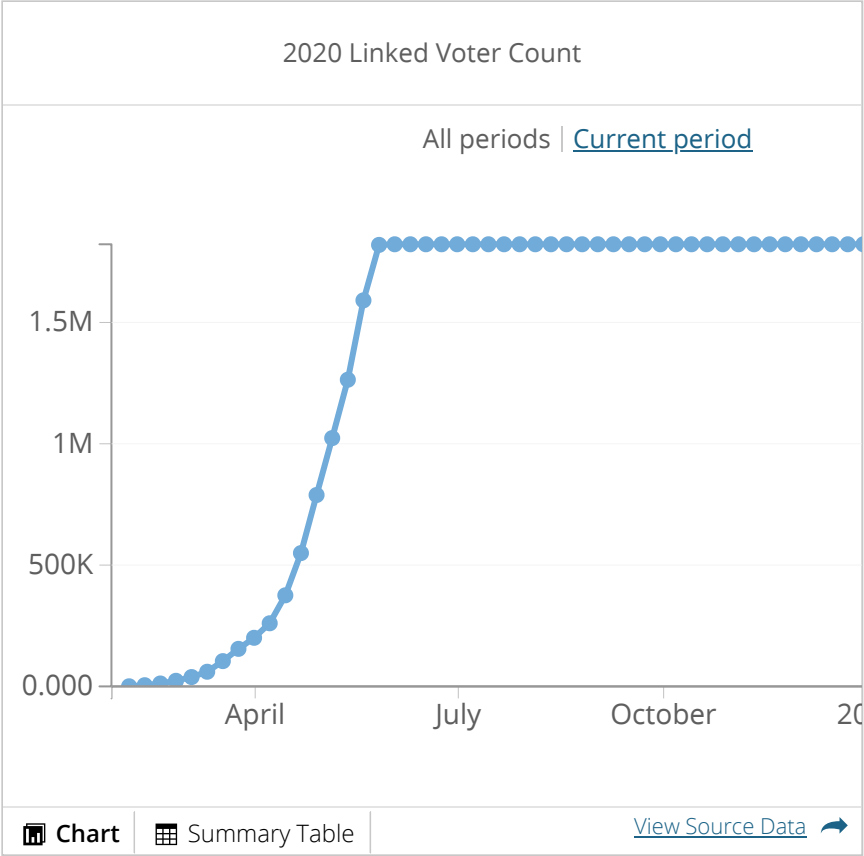

2020 Linked Voter Count

1.82M

2/1/20 to today

Historic Levels

County election officials are working hard to ensure all voters who have requested a mail ballot have an opportunity to vote by mail. To date, more than 18x the number of mail ballot applications have been submitted for the 2020 primary election as compared to the 2016 primary election.

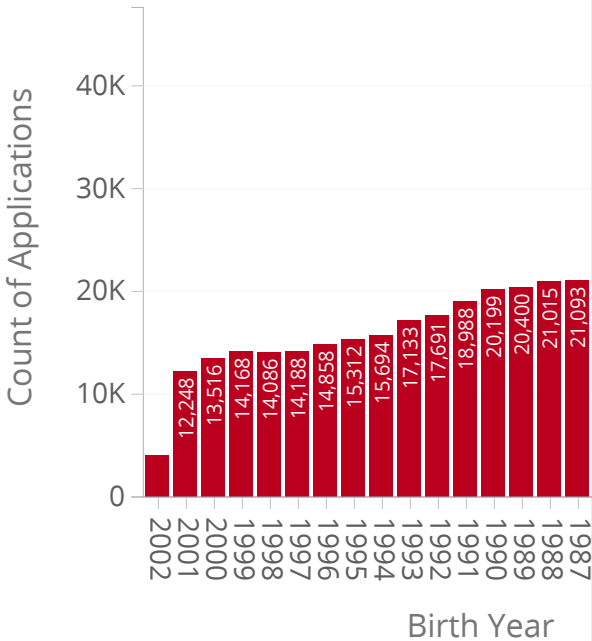

This chart summarizes the week-by-week total across the Commonwealth. If you allow your cursor to hover over the chart, a fly out will display with the aggregate total for each week.
